MONTEPELIER, FEBRUARY 18, 1863

For County Commissioner,
ELI BALLOU,
OF MONTEPELIER.

PERSONAL.—We are glad to see our townsman, Quartermaster John W. Clark, at home again. He arrived in town Tuesday evening. We do not learn how long he expects to be absent from his post, though we presume his business here will require his attention as long as he can be permitted to stay.

Dr. George Nichols, Surgeon of the 13th, was in town to-day (Wednesday). He is enjoying a furlough of 15 days. He is looking finely and gives a good account of the regiment.

We are requested to state that the rooms of The Students Geological and Debating Society (over the Vermont Bank) will be open to their friends and benefactors on Friday evening, Feb. 20th, at 6 1-2 o'clock P. M.

We are in receipt of the published Proceedings of the Vermont Historical Society, at the meetings held at Brattleboro, July 16th and 17th, and at Montpelier, October 14, 1862. It is neatly got up, with the imprint of Henry A. Cutler, St. Albans, Vt., and contains a very full account of the interesting proceedings at those meetings.

Rev. Mr. Spurgeon, of England, recently in a prayer made use of the following language:

"O God, we pray for the nation across the ocean, and this time we will make use of a supplication which we have not used these three months. We were afraid that our Northern brethren were not sincere in their throwing off the bands of Slavery, but now they have come out honestly, we pray, God speed the North!"

Messrs. Flanders and Hahn have been declared entitled to seats in Congress, as representatives from Louisiana, by a vote of 92 to 44. Louis McKenzie's claim, as a member from Virginia, was rejected.

Lost!

BETWEEN the head of State Street and the Farmers' Hotel, on the evening of the 17th inst., a light colored Victrola. The finder will confer a favor by leaving the same at the FREEMAN OFFICE.

Victrola Lost!

ON the evening of the 14th, on the road from Montpelier to Montpelier, probably in or near Montpelier village, a valuable Victrola. Any person returning it to the FREEMAN OFFICE, or to the owner, will be handsomely rewarded.

RELIEF IN TEN MINUTES

Bryan's Pulmonic Wafers.

The most certain and speedy remedy ever discovered for all Diseases of the Chest and Lungs, Coughs, Colds, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

THESE WAFERS give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are equally a blessing and a cure—none need despair, no matter how long the disease may have existed, or how severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial. To Vocalists and public Speakers, these Wafers are particularly valuable: they will in one day remove the most severe occasional hoarseness, and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness for which purpose they are regularly used by many professional vocalists.

WHEN THE SYSTEM FEELS DULL AND LANGUID as though there was but little life—attended with a bad taste in the mouth, but little or no relish for food—sometimes attended with a dull pain in the head, side and back, it shows that the LIVER is torpid and secretes IMPURE BILE, and that there are HUMORS IN THE BLOOD which should be carried out of the system. SCOVILLE'S BLOOD AND LIVER SYRUP will cause those organs to secrete the humors and convey them from the system and restore the action of the Liver. If the impure bile and humors should not be removed, and the liver not be restored to its proper action but permitted to run on, it may prove in time a MALADY WHICH WILL COST YOUR LIFE!

CAREY'S CATHARTIC CANDLES.—Atrophy.—Discarding the old theory adopted by the modern physician in the treatment of the gradual decay or wasting of the human body, Carey's medicine succeeds on the direct cause of the disease—the blood. They purify and enrich it—they stimulate and invigorate the exhausted system, by giving life to each tissue, strength to the muscles, energy to the invalid, elasticity to the spirits, and the bloom of health to the pallid cheek. Sold by all Druggists, at 25c. per box.

LIBERATION NOTICE.

THIS certifies that I have this day given my son, Benjamin F. Hart, a minor, his time during the remainder of his minority. Therefore, I shall claim none of his earnings nor pay any debts of his contracting after this date.

BY TELEGRAPH TO THE FREEMAN.

4 O'CLOCK, P. M.

CAIRO, Feb. 17. A skirmish took place on the 13th inst., near Bolivar, Tenn., between a detachment of the first cavalry and a body of rebels, the result of which was four dead rebels, a number wounded, and five prisoners and a number of horses captured. The federal loss was nothing.

The steamer Polar Star brings Vicksburg dates of Wednesday. The works on the canal at Lake Providence and at the Yazoo Pass were progressing. The 14th Wis., and the 11th Ill. regiments were attacked near Lake Providence on Tuesday by three rebel regiments. The latter were repulsed, and a number taken prisoners; one report says an entire Mississippi regiment.

New York, Feb. 18. The Times' Washington despatch says a gentleman recently from Charleston, and who escaped through the rebel lines, says that large numbers of troops have recently been collected there to defend the city, and that the citizens have recently left in anticipation of an attack from the national troops. The means of defence are very formidable and he thinks the city cannot be captured without a severe struggle.

A mutiny recently took place in which several North Carolina regiments were engaged. The ring leaders were shot by order of Beauregard.

The city is strongly fortified on all sides except the west side, and are supplied with iron-clads to defend the harbor. Two of these are destitute of machinery, probably those for which the engines were designed which were captured on the Princess Royal.

MEMPHIS, Feb. 15, via CAIRO, 17. Advice from below state that the rebels at Port Hudson are communicating with the Gulf by way of Atchafalaya.

The Queen of the West as soon as she is repaired will intercept that movement.

One million bales of cotton are below Helena awaiting Gen. Grant's permission to ship them.

New York, Feb. 18. The World's Washington despatch, says that last night a schooner was captured on the Potomac. It contained a large quantity of goods valued at from four to five thousand dollars, and also about twelve thousand in treasury notes, which were intended for the South.

FOUND.

NEAR the old Academy Bridge, on Friday evening, a lady's victrola. The owner can have the same by calling at the FREEMAN OFFICE and proving property, and paying for this advertisement.
